

ARKAR MANN AUNG

JUNIOR WEB DEVELOPER

PERSONAL

My name is Ahkar Mann Aung . Now I am 30 years old . I am graduated from Loikaw University, majoring in mathematics .I attend to get another graduation about diploma in construction. I started to work at my parent's construction company since 2015 and help for my parents' business .

In this situation, I have five years of experience in government tender estimating . Suddenly, corona is attack on our country, our construction project is temporarily shut down and then I keep and try hard for my lives about with my hobby ambition is Programmer.

I am a good learner for everybody and my jobs. I have a good social communication with other people and I have a warmly - kind heart to help for everyone .
